

Bike and Trike Range

Tadwa
Technology for Ageing & Disability

RECUMBENT TRIKE

Our Greenspeed Recumbent Trike is the perfect trike for a comfortable ride and lower transfers. Suitable for teens and adults, this trike will provide balance and stability.

PFAU-TEC TRIKE

The ultimate in design and quality offering premium comfort. With full backrest and low centre of gravity. The Pfau-Tec offers teens and adults a semi-recumbent riding style.

GOMIER TRIKE

The Gomier Trike features a lower step through, allowing easy transfer onto the trike for teens and adults. It is the perfect trike for extra stability and carrying items like bags, shopping or a walking frame. Available in 20", 24" and 26" sizing.

REHATRI TRIKE

The Rehatri trike is designed to assist a wide range of disabilities and restrictions in movement. This trike is available in 12", 16" and 20" frame sizes and is suitable for children and teens.

EDGE TRIKE

With a size range of 12", 16", 20" and 24", the Edge trike offers a range of support and customisation options for children and teens.

TAG-A-LONG TRIKE

Offering the experience of bike riding when independent riding isn't possible. The tag-a-long trike attachment has backrest and postural support options and includes a pilot bike.

PRE-MODIFIED BIKES

We use the lightweight Neo bike frames for our modified bike ranges. They come in a variety of colours and in a size range of 12" to 24" so suit young children through to adults.

PRE-MODIFIED LOW SLUNG BIKE

With a larger yet lightweight frame this bike suits adults needing a low slung, step through design and comes in several colour options.

TADWA offers a range of modifications to allow our bikes and trikes to be customised for each individual rider.

We also offer a range of handlebar options and can add accessories such as baskets, doll carriers and handlebar streamers. Please note not all modifications can be fitted to all bikes and trikes.

OUTRIGGERS

POMMEL SADDLES

POSTURAL SUPPORTS

ELECTIC PEDAL ASSIST

HIPPY SHOES

ATTENDANT STEERING

TADWA EXTRA WIDE COMFORT SEAT

TADWA is proud to be affiliated with TAD Australia's Freedom Wheels program, customising bikes and trikes for people living with a disability.

Our free bike assessments allow customers to trial different sizes and styles of bikes which have been fitted with our most popular modifications. This allows your Occupational Therapist to ensure you receive a custom bike personalised to your individual needs and goals.

What to expect at your assessment:

Upon arrival at our office, our bike assessors will, in conjunction with your support team, choose a bike or trike for fitting and trialing. You will be asked to choose a helmet to wear and to sit on the bike.

Once comfortable, your Occupational Therapist can assess things like sizing, positioning and limb extension. You will then have the opportunity to ride the bike around our indoor track so further assessment can be completed in regards to bike suitability, required modifications and positioning. If required, multiple bikes and trikes can be trialed.

If you do not have an Occupational Therapist or Physiotherapist, TADWA has Occupational Therapists available to assist (charges apply).

We will provide a personalised quote and can assist with different funding options.

Once your customised bike or trike is ready, together with your therapist, we will complete a final fitting to ensure your bike or trike perfectly fits you.
